## Smart Wi-Fi Plug with Energy Monitoring

SP9

Smart Wi-Fi Plug with Energy Monitoring

What it does

Beli SP9 is a smart Wi-Fi plug with energy monitoring. It can turn electronics on or off from anywhere and monitor the real-time energy consumption of your devices via the Beli app. Schedule the Smart Plug to automatically switch on and off when away or set a scene for controlling many devices with a single button.The SP9 works directly with Amazon Alexa and Google Assistant to manage your devices through Voice Control. Works with a secured 2.4GHz wireless networks without the need for a separate hub. The compact design won't block the neighbouring power outlet.

Main Features

APP Management from Any Location

Whether you're relaxing on the couch, or vacationing in the Caribbean, the app grants you full-access to your home network, so you can manage your household right on your mobile phone.

Easy and Efficient Smart Home Management

Stay in control, by creating a scheduled power-plan, so whether you're turning off the porch light at dawn, starting the coffee maker while in the shower, or turning the lights back on at dusk, you make the rules.
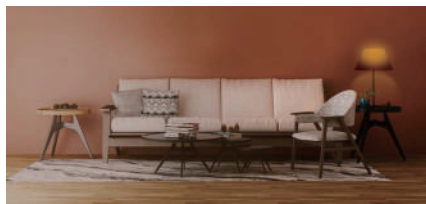

Save Bill with Energy Monitoring

Monitor and manage the real-time energy consumption of your devices as well as displaying historical electricity consumption enabling you to reduce unnecessary energy consumption and save money.

Prevent Long-term Operating, Protect Devices

The timer function can switch off the devices at the set time, reducing the safety hazards caused by long-term operation of devices such as heaters and chargers.

Enhanced Voice Activation

Each Smart-Socket is compatible with both Alexa and Google Assistant, so you can manage and operate your electronic devices, from wherever Alexa and Google are within earshot.

Anyone Home?

Leaving your home for extended period? Simply set the smart plug to "Away Mode" and the smart plug will randomly activate and deactivate the attached illumination device, so it looks like you're home - even when you're not.

Specification

Network	
Protocol	IEEE 802.11b/g/n
Wireless Type	2.4GHz, 1T1R
System Requirements	Android 5.0 or higher, iOS 10 or higher

General	
Certification	CE, EAC, RoHS
Package Contents	Smart Wi-Fi Plug SP9, Quick Installation Guide
Environment	• Operating Temperature: 0 ℃~ 40 ℃ (32°F ~ 104°F) • Operating Humidity: 10%~90%, Non-condensing
Dimensions(H X W X D)	3.9x2.5x2.5in (99x64x63mm)
Material	PC
Buttons	Power and Setting button
LED	Power LED

Working Status	
Input voltage	100 - 240VAC
Output voltage	100 - 240VAC
Maximum Load	16A
Maximum Power	3.68 KW

Others	
Energy Monitoring	Support
